Have You Heard?

by Dorothy McCain Elsenius

Jim McCormick and his wife, the former Gloria White, recently moved to Bozeman, Montana (the "Big Sky Country"), where they have taken over "Harold's Sales & Service," Homelite chain saw distributor for Galetin County.

Jim and Gloria are both former Albany High School students —Jim was a 1963 graduate, while Gloria was a member of the class of '64. They both extend invitations to any of their friends who plan to travel north, to stop and visit them at their new location.

Colleen Moore and George Murrilo, Albany High School graduates, will be competing in the Vocational Olympics to be held at the Alameda County Fair tomorrow.

The two came out on top in the recent Olympics, which had students from 30 East Bay high schools in 11 school districts. Colleen was tops on the 10-key calculator and George at the typewriter.

Winners in tomorrow's competition will appear in the Sacramento State Fair competition later in the fall.

It's awfully hard to surprise a "sharp cop,"—which is certainly an apt description of Albany's Ed Zentner. When members of the Albany Police Reserves and their wives planned a surprise housewarming recently they planned to get him home to the party by saying his new home had been robbed, but Ed wasn't upset and said he wanted his dinner before returning home. It was only when someone said his color TV had been stolen that Ed decided to leave the Jack London Square restaurant they were in to return home for the party.

Bev Senior is home now, recuperating from surgery at Albany Hospital, where she said she received nothing but wonderful treatment from the staff.

Bev and her husband Will, long active in community affairs, are now looking forward to spending more time at their cabin in the Calaveras Big Trees, now that their children are raised.

Sorry to hear that Stan Young suffered a stroke recently, and was a patient at Alta Bates for several days. You can't keep a good man down, however, and Stan is back home now, and will be back to work in no time, if he has his way.

For further information please call the head coach, Rick, at 525-4743.

Help Needed

Plans for Albany's first Pop Warner football team, the Bobcats, are steadily making progress for the opening league games this fall, according to President Wally Flores.

The coaching staff has been selected, and will be under the direction of Head Coach Rick Madero.

Revenue to support the team in its initial year in the North Bay League, will be raised through a dance, to be held in the fall after the football season has started, and from the sale of ads in a football program which will be handed out at all home games.

Letters of solicitation have been mailed to all Albany businesses, explaining advertising rates, etc. Anyone who is not contacted and who would like to help support this youth program, is asked to please contact Rick Madero, 525-4742, or Fern Lucina, 526-1311.

'Phase Two' Still Alive

Landlords are still subject to Phase II rent regulations, even though certain small businesses have been exempted from controls, Charles Kingman, acting District Director of Internal Revenue for Northern California says.

Although in May the Cost of Living Council lifted controls from most firms with 60 or fewer employees, except for businesses in the health service and construction industries, this small business exemption has no application to non-commercial rental transactions.

Kingman said that presently, the only categories of non-commercial rental property exempt from rent controls are:

1. Apartment units renting for $500 or more;

2. Owner-occupied dwellings of four or less units, having a longer than month-to-month rental agreement as of Jan. 19, 1972;

3. Single family rental dwellings, rented as of January 19, 1972, for longer than month-to-month periods, where the landlord owns four units or less.

Riles School Plan

Superintendent of Public Instruction, Wilson Riles, has proposed what he calls an "unprecedented" statewide program to "revitalize" public school classrooms for children 4 through 8 years of age.

The plan "emphasizing local control, intense involvement of parents and imaginative teaching methods at an accelerating pace over a five year period" would be a "new beginning for our school children," he said.

Sponsors of the legislation are Senator Peter Behr, Assemblyman Kenneth Cory, Senator Mervyn Dymally, and Assemblymen John F. Dunlap and Jerry Lewis.

Raises and Rejections

A Board of Education-appointed "evaluation committee" has rejected Jack Rosano's alternate plan for an expanded high school complex to encompass 7th through 12th grades, instead of a specially constructed "middle school" at Feeny Field, as originally recommended by the Citizens' Advisory Committee.

Rosano, board vice-president, claimed his plan would not only cut costs by avoiding construction of the new building, but would save the field for recreational use. (For details see the June 21 edition of the Albany Times.)

The Committee based its rejection primarily because of the question of whether 7th and 8th graders should be grouped with 9th through 12th graders.

"Educators who have studied junior-senior high schools indicate that in this type of a situation the 7th and 8th graders tend to get 'lost' in high school-dominated programs," their report, presented at last week's meeting, noted.

Rosano, who indicated he would make a public response at a later date, indicated he would not support the original Citizens' Advisory Committee plan.

Other items on the School Board agenda receiving action at their last week's meeting included the hiring of William Kilby for the newly-created Albany Unified School District Business Manager position. Kilby, a former Alameda Unified School District Chief Accountant, was hired at a yearly salary of $18,000.

The Board also granted School Superintendent Kenneth Forry a 2½ percent raise, raising his annual salary to $24,600.

New Director Of Instruction

Dr. Richard Rosenquist has been appointed Director of Instruction for the Albany Schools, replacing Wm. G. Woolworth, who retired June 30, after 40 years with the Albany schools.

Dr. Rosenquist assumed his position on July 1, and comes to the District from Piedmont, where he has been Principal of Havens School for the past seven years.

Previously he served four years as Supervising Principal of a U.S. Air Force dependent school for grades 1 through 12, in Tokyo, Japan. He also spent five years in Germany, as a teacher and principal of another U.S.A.F. dependent school.

The new Director now lives in the Montclair area of Oakland, with his wife, Mary, and their four children—two college student sons, David and Mike; and their two daughters, Lisa, a Skyline High School junior, and Karen, a fourth grader at Joaquin Miller School.

Dr. Rosenquist received his Doctorate degree from the University of California at Berkeley, with specialization in Curriculum and Reading.

AHS Library Has Problems

The seating space in the Albany High School library will be cut in half next year, due to the middle school library's move to Albany High, according to the high school paper, "The Informer."

"It would cause serious crowding," stated Mrs. Mary Willmann, AHS librarian. "The seating capacity of the library, which this year was around 70, will be cut to 35."

This is just a small item of a long list of problems expected to be faced by the library. As many as 200 books may be missing from the shelves, as well as numerous magazines. This could end up costing the library as much as $1200, unless they are returned, and could seriously effect the library's operation, as it already has a very low budget for purchases.

Chamber Elects

The Albany Chamber of Commerce has elected the following officers and directors for the 1972-73 term: president, Richard Miles of the Pacific Gas & Electric Co.; 1st vice-president, William Rothschild of Capitol Investments; 2nd vice-president, Ingraham "Bud" Read, MacGregor Homes; 3rd vice-president, Albany attorney William Foley, member of Foley, McIntosh & Foley, and treasurer, Bernice Boyd, manager of Security Savings & Loan's Albany branch.

Newly elected directors include: Jerome Blank, owner of Jerome Blank Realty; Richard O. Clark, real estate salesman for Grub & Ellis; Jack Cornish, assistant manager of the Albany branch of Bank of America; Dennis Monroe, manager of Cablecom-general, Inc. (cable TV, Albany), and Al Martinez, owner-operator of the Solano Avenue Pharmacy.

All were installed by Alameda County Supervisor Joseph Bort, during the annual Chamber of Commerce Installation Dinner, held last Thursday evening at the Lucky 13 Club.

Ralph Hill, outgoing president, bid his farewell to Chamber members as their president, but promised to continue being an active member of the organization.

He thanked members for giving him their cooperation during his year in office and commented on his pride that Albany's "identity flag" was raised on his final day as president.

Volunteers Needed

Volunteer switchboard operators are urgently needed at the Berkeley Chapter, American Red Cross, 2116 Allston Way. Since communication is the focal point of any organization and certainly is with Red Cross, this is a most important and rewarding volunteer activity. Prior experience is desirable but not necessary as the chapter will provide training. If you can devote either a half or whole day once a week to this essential service, please call the Office of Volunteers for further information, 845-1430.

Rally Around The Flag

Promoting "allegiance to the Flag of the United States of America and to the Republic for which it stands," approximately 40 Albany citizens and spectators gathered for the Flag Dedication Ceremony, Thursday, June 29.

The hour-long event, taking place at Buchanan and Pierce Streets directly below the flagpole erected on the freeway overpass, was intended to mark Albany as a "most patriotic" city and as northern gateway to Alameda County, according to Ralph Hill, president of Albany Chamber of Commerce.

The history of the American Flag was presented by the Berkeley Elks Lodge No. 1002. Narrating this Elks' traditional Flag Day ceremony, Robert Sloane, a past exalted ruler of the Elks, traced the Flag's development from the original British Union Jack to the present day Stars and Stripes standardized with 15 stripes in 1779. Displaying the flags during the presentation were Albany American Legion Post 292 Commander George Gray and Legionnaire Thomas Thompson; members of Albany Boy Scout Troop 12, Larry Van Eckhardt, Glen Morimoto, David Corvello, and assistant scoutmaster Dan Corvello; also Lesley Clark, granddaughter of Mrs. Al Anderson, took part.

The first Flag to fly on Albany's pole was donated by Mrs. Al Anderson in memory of her son, Ray Clark. Ray Clark, who died suddenly of a heart attack in March, 1972, was the vice-president of a local investment firm. His wife and four children live in Berkeley. As the Flag was raised, Jack Cardwell played the National Anthem. The crowd then joined in a Salute to the Flag. Mayor Joe Carlevaro's acceptance for Albany of the Flag and the flagpole ended the dedication ceremony.

Representatives from city government and local groups attended the Flag dedication: Mayor Joe Carlevaro, City Councilman Richard O. Clark, and City Administrator James Turner; City Finance Officer and Soroptimist Club president, Bette Rhodes; American Legion Post 292 chaplain, Ralph Buckwalter; Albany Parlor 260, Native Daughters of the Golden West member, Edith Sheriff; Albany Rotary Club member, Chuck Silvera; and American Legion Auxiliary Unit 292 president, Anne Truax.

Albany American Legion Post 292 and Auxiliary Unit 292 will hold joint installation ceremonies for their 1972-73 officers at the Albany Veterans Memorial Building Saturday, July 15, at 8 p.m.

This will be the first public service program to be released from the recently completed San Pablo studios, and will be seen by viewers in Albany, Kensington, San Pablo and other parts of Contra Costa County.

The program will also be repeated at later dates and times, which will be announced.

Building Report

Plans have been received at Albany City Hall for the construction of an 18-unit apartment complex, to be located at 1324 Solano Avenue.

The $238,000 project will be owned by Al Shore, Albany Real Estate Developer.

A five unit apartment building is being constructed by David T. Dopp, at 746 Adams St. Owner of the building will be Mr. W. Nelson and cost of construction is approximately $50,000.

Mr. Dopp is also constructing an eight unit apartment building, at 530 Adams, for himself, at a cost of $88,704, according to a report from James Turner, Administrative Officer for Albany.

Awarded Degree

Mrs. Kathleen Mahon Buckley, wife of Shawn Buckley, 975 9th St., Albany, was awarded the Bachelor of Arts degree in government at recent commencement exercises at Mills College in Oakland.

She was among 243 Mills graduates at Mills this year representing 29 states and seven foreign countries.

LT. GOVERNOR Ed Reneke (left) presents a citation from the National Fire Protection Association, to Albany's Assistant Fire Chief, William Hutt. The citation, issued for excellence in fire prevention, was presented at the Sacramento State Capitol last month. Hutt accepted the award for Albany Fire Chief Gerald Browne, who was unable to attend the presentation.

OK for Rimov

The Albany Planning and Zoning Commission has given its approval to architect Leon Rimov's plans for the construction of three fourplexes on Albany Hill.

The 12-unit apartment complex, valued at an estimated $139,000, will be located at 555 Jackson St., just outside the present Albany Hill "freeze" area.

Other action taken by the Commission at its last week's meeting included denying a request for a sideyard variance at 932 Stannage made by Edward Biggs.

Biggs, who plans to build a three-unit apartment house at the address, requested permission for a 3-foot sideyard, instead of the required 3.75 foot.

The matter will now be forwarded to the City Council for its decision.

Al Shore, Albany developer, was instructed to provide one extra parking space for the 18-unit apartment complex he proposes to construct at 1324 Solano Avenue, because of an office he plans to locate in the building.

Jack Rydman's request to construct a garage-service center, at 987 San Pablo Ave., was approved on the condition that the proposed structure be set back four or five more feet to allow for landscaping.

New Group For Vista School

For the first time in its 23-year history, Vista Primary School will have a Girl Scout Troop and a Brownie Troop. With the closing of Marin and the west wing of Cornell School, Vista will be gaining a fourth grade in September, and the current Brownie Troop 628 will become a Junior Girl Scout Troop. A new Brownie Troop for second and third graders will then be formed.

In anticipation of the coming year, Troop 628 recently held an Investiture Ceremony and a Court of Awards. Troop members Kanna Aoki, Riti Aviram, Terri Collier, Leslie Davis, Cynthia DeRego, Sandra Gan, Valerie Homan, Susie Lewis, Kathleen Myers, Tammy Noble, Karen Richardson, Dianna Thomsen, Wendy Wheeler and Kim Yokomizo received their wings (symbolizing their "flying-up" from Brownies), along with their Girl Scout pins.

All girls who had been with the Troop for a year received a star pin, and all girls received their World Pin, which symbolizes their friendship with Girl Guides and Girl Scouts throughout the world.

Troop leaders were especially proud of the girls, because they had exercised proficiency in learning and being able to teach others dances learned for the recent Folk Dance Festival. Their proficiency entitled the girls to receive their Dancer Badges.

Troop Leaders for the Scout Troop are: Mrs. John Thomsen, Mrs. Haruo Aoki, and Mrs. Wallace Noble. Mrs. Raymond Brackett and Mrs. Douglas Stoner are Brownie Troop Leaders.

Mrs. Leonard Keck, Girl Scout Neighborhood Chairman, has been of immense help in the Vista School Scouting Program, according to the Troop Leaders.

The Mail Bag

(The views expressed in the following letters are those of the individual writers, and do not reflect, in any way, those of this newspaper.)

Editor, the Times:

I was among the small number present in the high school Little Theater, when the Citizens Advisory Committee to the School Board met to present its findings to the community. The hard-working members of the committee deserve our deepest thanks. We also owe them the courtesy of reading their preliminary report (which considered the advantages and disadvantages of sixteen different ways to group children) before shooting down the concept of a middle school at Feeny (Cougar) Field.

There is no easy or cheap way to relocate our children. But the decisions we make now will determine the shape of education in Albany in the year 2000.

A brief final report is being prepared by the committee now. The preliminary, working report can be obtained at any school office or at the District office, or in the Albany Library.

The members of the advisory committee were: Dean Lipe, Dr. Ian Ball, Bruce Davis, Lee Keck, Mmes. Miriam Gershenson, Odessa Shabers, Ann Berry (Board of Education appointees); also Jean B. G. Tenret (Cornell PTA), Peggy Thomsen (Vista PTA), Laura Kodama (MacGregor PTA), Barbara Phillips (Marin PTA), Norman Jacobson (Albany High PTA); Albany teachers and administrators Beth Heckman, Mary Wallmann, Carl Couch, Robert Shogren; Albany High School student, Jon Saler; Chamber of Commerce representatives Leon Rimov and Jerome Blank; Planning and Zoning Commissioner William Johnson; Parent Nursery representatives Joy Dutson and Ann Lamb.

Thank you all,
ANNE BELL

Editor, the Times:

I would like to take this opportunity to thank all those who contributed to the fund to help Albany High track star, Mike Shavers, attend and compete in the AAU Junior Track and Field Championships held last month in Denver, Colorado.

Mike, a junior at Albany High School, placed 6th in competition against 30 other participants. The first two winners qualified to race against a similar Russian team, in Sacramento on July 28 and 29. Incidentally, next year's meet will be held in Russia.

Local contributions include: the Albany Chamber of Commerce; Ellis-Olson Mortuary; Bill Savage, Franz Snyder, Bill Nash, Will Treacy, Margaret Rathmell, Bill Pandiani, Craig Ortleib, Frank Turner and Al Radford, all of Albany High; Jim Holt of the Albany Figure Salon, Mary & Joe's Sporting Goods, Lyle Goforth, Albany Bowl, Dr. Victor Stallone, Serb's Restaurant, Jim Killredge, and Frank Gutierrez of East Bay Chevrolet, Albany Shell, H. L. Moore, Charles McDonald, Joe Villa and Albany Tire Service.

Other Albany contributors were: Councilman Lewis Howell, Dr. Charles Alder, Baskin-Robbins Ice Cream, Reliable Meats, Roger Goggburn Wine Co., Headington & Freels Realty, Pre-Hop Cleaners, Security Savings & Loan, John Pleich of Flowerland, Al Shore Realty, Gay's Delicatessen, Foster's Freeze, Alert Cleaners, Color Corner, Sam's Pharmacy, Hollfelder's Jewelers, Famous Meats, East Bay Chevrolet, the Albany Lions Club, Tom Schulte, Greg Anderson, and Victor Moon of Shakey's Pizza Parlour.

Berkeley donors included: Payless Cleaners, Oaks Jewelers, Berkeley Realty, 1000 Oaks Pharmacy, 1000 Oaks Hardware, Gersh Photo, Ortman's Ice Cream and Westbrae Natural Foods.

Sincerely,
CHARLES CLARKE
Albany High Track Coach

Editor, the Times:

I feels the remarks of Margaret Patterson Doss in the Chronicle-Examiner about individuals' homes on the Hill were in poor taste, unnecessary and uninvited. Her description of the landscape was sensitive.

As a friend of the open space on Albany Hill, my one wish is to save the trees and land for our children and posterity.

It seems to me that those interested in saving the Hill might do so without injuring personal sensitivities.

Sincerely yours,
LAURIE ROACH

Editor, the Times:

The following is a copy of a letter which I have forwarded to the Albany Board of Education, requesting placement on their July 11th agenda:

Mrs. Ganong and Gentlemen::

This letter is a means of urging you, as members of the Albany Board of Education, to exercise the decision-making authority vested in you as officers of the State of California, and as members of the board REPRESENTING the COMMUNITY as a WHOLE.

I urge you not to "rubber stamp" the complete Citizens Advisory Committee recommendation, including the concept of a sixth school. This report should be recognized for what it is . . . a suggested guide by a group of citizens.

On October 26, 1971, a Citizens Advisory Committee was formed (quoting from corrected official minutes) "to study the possible alternatives of grade structure, educational programing, estimated cost and method of financing, as outlined in the suggested Charges proposed by the District Architect, and that a preliminary report of recommendations be submitted to the Board on January 4, 1972."

The CAC has fulfilled this charge admirably, but I wish to call your attention to the last paragraph, page two, No. 6098, of the minutes of this same meeting:

"In further remarks Mr. Porter questioned the fairness or propriety of adding to a bond proposal a new program that would be in excess of the cost of rehabilitation or replacement."

This, Mrs. Ganong and gentlemen, is the crux of the problem. Citizens in this community will support rehabilitation or replacement, but are in favor of using the unsafe buildings to promote an optimum educational program, including construction of a sixth school.

Very truly yours,
ANITA TRONOFF

French Visitors

A unique venture, which plans to bring a group of 25 teachers from France to Berkeley July 18 through August 16, is in need of help—in the form of host families to house the visitors.

The teachers, who come from all regions of France and who teach in French secondary schools and universities, will attend daily lectures on the Berkeley UC campus, covering various aspects of American education and society. They will also visit Bay Area educational and cultural facilities.

The program, organized by the Foreign Study League, an educational service of Transamerica Corporation, has sponsored many visits of American students and teachers to foreign countries, as well as visits of foreign students to the United States. However, this is the first time the League has sponsord a visit of French teachers to the Berkeley area.

Marilyn Clements, graduate student at Berkeley and co-ordinator of the visit, notes that an essential part of the visiting teachers' experience in America will be to have the opportunity to personally know Americans.

Host families will be asked to provide room and board, but the visitors will take care of all other expenses. The teachers vary in age from 23 to 55 years of age, and all speak English.

This should be a very rewarding and enjoyable experience for area families interested in meeting and knowing someone from another culture, as well as helping to improve our international relations. Those planning to visit France in the future will also have a friend to contact, and the opportunity to have their hospitality reciprocated.

Anyone interested in the program, or desiring further information, should call 526-7391.

Anniversary Fete

Neighbors, friends and relatives from all over the East Bay and Peninsula areas, gathered recently to honor Mr. and Mrs. Will Rogers of Albany, on the occasion of their 60th wedding anniversary.

The honored couple, who have been Albany residents for the past 27 years, were married June 24, 1912, in the old St. Joseph's Catholic Church on Chestnut and 7th Streets in Oakland.

Refreshments, including a 3-tier pink and white anniversary cake and champagne, were served in honor of th occasion, followed by dancing.

Highlight of the affair was the presentation of a money tree.

AHS Teacher and Students Abroad

Alfonso J. (Al) Radford, instructor of Social Studies Department at Albany High School leaves Monday, July 10, on a 5-week study and travel program which will take him to London, Athens, Rome, Milan, Switzerland, and Paris.

Mr. Radford will serve as Teacher-Counselor, under the American Leadership Study Groups of Worcester, Massachusetts. The following two students from Albany High School will also be making the trip: Robert Cook and Eric DeMaria, along with Becky M. Ring of El Cerrito and Laurie A. Bardue of Seattle, Washington.

The 5-week program features full weeks at the universities of London, Rome and Athens. Several days will be spent in Brussels, Heidelberg, Innsbruck, Venice, Florence and Lucerne, as well as a 4-day cruise of the Greek islands in the Aegean Sea.

In addition to extensive sightseeing, theater performances and other specific activities of multimedia presentation will be conducted by a staff of American and European university professors, American Embassy and local civic personalities.

Mr. Radford made head lines in 1969, entering the field of education after 30 years absence from the classroom. He entered a Credential Program at the University of California and was the Valedictorian of his class, being the oldest person having participated in the program.

Pursues Education

Mrs. Flor Madrid de la Torre

Mrs. Flor Madrid de la Torre of Albany will soon graduate from San Francisco State College with a B.A. in Comparative Literature.

Following the raising of her family, and through the encouragement and fine examples of her friends, Mrs. Toni Lopez and Jesus and Andrea Ochoa, who have all pursued higher education, Mrs. de la Torre enrolled in the Albany Adult School before entering San Francisco State.

Eager for even more education, Mrs. de la Torre plans to attend Graduate School at the University of California. She is a former resident of Mexico.

Summer Pet Care

Hot weather makes considerate pet care more important, so that objectionable odors, flies and disease do not result, is the warning of Harold Van Coops, Albany Deputy Health Officer. Rules for dog ownership include not only rabies vaccination and licensing, but also daily cleanup and disposal of their wastes, he points out.

Summer, a season of growth and activity, also creates chores around the house, such as weeding, watering and pest control. Free advice and information on where to get assistance for problems concerning composting, waste disposal, pest eradication, and free mosquito fish are just a few of the services offered by the Health Department to Albany citizens.

For information call 526-6116.

Surprise For the Zentners

Thirty-five members of the Albany Police Reserve and their wives, held a surprise house warming for Albany Policeman Ed Zentner and his wife, recently.

Following dinner and a tour of the Zentner's lovely new home, the Reserves presented the couple with a camlia tree for their garden.

UC Prize Winners

Forty-nine students on the University of California's Berkeley campus, including two Albany residents, have been awarded a total of $18,990 in prizes for outstanding work during the 1971-72 academic year.

The awards, offered in 24 categories, ranged from $2,000 to $25 and were coordinated through the University's Committee on Prizes at Berkeley.

Steven Kellman of 1494 Solano Ave., received a $75 Shrout Short Story Prize for his story, "The Pleasantest Thing."

The $600 Eisner Prize in the Dept. of Art, Creative Arts Division, went to Howard Storm, 1124E 8th Street.

Crisis Center

The Herrick-Berkeley Community Mental Health Center has started a Crisis Center to serve Berkeley and Albany residents who need emergency psychiatric care.

Crisis Center Director Alan M. Garboos, M.S.W., said the center, at 2055 Dwight Way, Berkeley, is open 24 hours a day, seven days a week. Continuous coverage is provided by a professional and allied health professional staff. Fees are determined on a sliding scale based on the patient's ability to pay.

The Crisis Center focuses on short-term crises intervention in situations ranging from marital problems to suicide prevention. Services include partial hospitalization, drug referral and counseling.

Partial hospitalization at the Crisis Center is being developed for non-violent, ambulatory, voluntary patients.

This program aims to create a supportive environment to prevent hospitalization or a return to the hospital. Day and evening programs will include: problem solving groups; socialization groups; individual conferences; occupational and art therapy groups; and community meetings.

The drug referral program consists of small, short-term groups that meet twice weekly. The groups help a person determine his needs and within a short time he is referred to the drug detoxification and rehabilitation program that best suits him. The Crisis Center works closely with Bridge Over Troubled Water, Soul Site, and other community drug programs.

The Crisis Center opened January 15, and has been handling an average of 500 people per month.

According to Director Alan Garboos, the center "is less traditional and seeks to offer alternatives to hospitalization. It is trying to be responsive to the needs of the community."

Albany Couple Tour Country As PR Team

Libby and David Wyatt, of 919 Solano Avenue, will spend their summer driving across the country for the Zero Population Growth Cyclethon.

The Wyatts, manning the back-up van, are accompanying three Olympic-bound cyclists, who left San Francisco recently, on a cross-country cyclethon tour, before leaving for the summer Olympics in Germany.

As the cyclists tour the country, the Wyatts will arrange all advance press coverage, contacting radio stations, newspapers, and other media outlets along the route. They will also function as tour leaders, making all necessary reservations and adjustments for the cyclists.

The Wyatts, both graduate students at the University of California in Berkeley, have been enthusiastic residents of Albany for th past year, and especially enjoy its small town feeling.

David, a native Californian, graduated from Yale College in 1970, and holds a teaching assistantship in English; while Libby is working toward her Ph.D. in the school psychology program.

According to Libby: "The population explosion is a complex and emotional issue. ZPG hopes to educate people as to the magnitude of the problem, and the national cyclethon is a good way to make education fun."

And, according to David: "Two hundred thousand people are born every day—more than the total population of Albany and Berkeley combined!"

Horatio Alger Judge Named

From janitor to judge is the Horatio Alger-like life story of Joseph J. Carson, newest judge in the San Leandro-Hayward Municipal Court.

Judge Carson, who's wife is the former Antoinette Stallone of El Cerrito, daughter of Mr. Paul Stallone of the same city, and niece and namesake of Albany's Toni Stallone, is only 32 years old and the youngest judge ever appointed in Alameda County.

Because his father had been killed when Judge Carson was only six years old ,he had to work his way through high school, college and law school, and his swearing-in ceremonies were conducted in the San Leandro Council Chambers, where only a few years before he had performed custodial duties.

Following the ceremonies, the new judge had the priviledge of conducting his first wedding, when he united in marriage a young couple who had wandered into his reception, which was attended by all of the judges for miles around, while trying to locate a judge to marry them.

CHURCH NEWS

A summer series of studies on the subject, "Introduction to N.T. Prophecy," will be held on Wednesday evenings at Albany's First Baptist Church, starting this week. The mid-week service of prayer and study is held at 7:30 p.m. each Wednesday, in the Social Hall of the church.

Pastor Larry R. Campbell announces the following sermon topics for Sunday services. At the 11 a.m. service the title is "Love One Another" and at 7 p.m. the title is "Pure Religion." The evening message is the second message in the summer series of studies on the N.T. epistle of James.

Honors For USDA Lab Men

The U.S. Department of Agriculture's Western Regional Research Laboratory, located on Buchanan St. in Albany, recently gave special recognition to three employees.

Dr. Richard R. Dedolph, a plant physiologist from El Cerrito, received a $500 award for demonstrating that dwarf lettuce and dwarf tomatoes can be successfully grown in a simulated low-gravity field.

By growing plants on the cylindrical surface of a rotating drum and providing optimum growth conditions, yields were materially increased and length of time to maturity considerably shortened over conventional growing conditions. The work is under a NASA contract.

Dr. Milford S. Brown, Albany research chemist, and Dr. Leo Kline, from Richmond, chief of the microbiology laboratory, each received pay increases and certificates of merit for high quality work.

Champagne Reception

JOSEPHINE AND PETER SATEGNA cut the cake marking their 35th wedding anniversary, following a surprise champagne dinner reception, hosted by Mr. Sategna's sisters and a close friend. —Luoma Photo.

Approximately 70 relatives and close friends joined together on a recent Sunday to honor Josephine and Peter Sategna of Albany on th occasion of their 35th wedding anniversary.

Hostesses for the affair, which was held in the Banquet Room of Louie's Restaurant in El Cerrito, were Mr. Sategna's two sisters, Mrs. Warren E. Smith of Hayward and Mrs. Edward P. Slarika of Castro Valley, and a close friend, Mrs. Hazel Duff of Albany.

The surprise affair was a champagne dinner, featuring flowers and miniature champagne glasses for decorations. A highlight of the affair was a telephone call from Mrs. Sategna's nephew, Joseph Gimple of New York City, who called to congratulate the couple.

Distinguished guests included: Dr. and Mrs. James Sategna of Lafayette; Dr. and Mrs. Joseph Pecchi, Oakland; and Assistant Chief of Police George Kelly and his wife, Anna, from Hayward.

Other out-of-town guests included Mr. and Mrs. Gary Smith of Livermore; Mr. and Mrs. Daniel Smith and daughter, Danielle, Hayward; Mrs. Evelyn Swan of Pleasant Hill, as well as many close friends from Oakland, Berkeley, Albany and El Cerrito.

The Sategnas have been Albany residents for over 20 years. Mrs. Satgna is a charter member of Alberito Business and Professional Women's Club and has served as chairman for many committees.

Mr. Sategna is a 30-year employee of Safeway Stores, and has been manager of their meat departments for the past 20 years. He is a member of the "Quarter Century Club" of San Francisco, as well as a member of the S.E.A. Club of Safeway.

LARGEST GROUP OF DRIVERS

Those between the ages of 20 and 24, reports the National Automobile Club, make up the largest group of drivers in the United States.

Highlight of the recent 35th wedding anniversary reception for Josephine and Peter Sategna of Albany, was the congratulatory card they received from President and Mrs. Richard Nixon. It's not everyone who can say that, and the popular couple were very thrilled.

Patricia Ann Doty, daughter of Mr. and Mrs. Earl F. Doty of Kensington, is now receiving her basic training for women at the U.S. Army's Fort McClellan in Alabama.

Following completion of her "basic," Patricia will spend 10 weeks at the U.S. Army Medical Training Center at Fort Sam Houston, Texas, where she will receive advance training in th Medical Care and Treatments Specialist course.

Many, many thanks to the Albany Chamber of Commerce, for the lovely plaque they presented me with at their last week's installation dinner. I always enjoy working with the Chamber to boost the City in any way possible . . . as Joe Bort commented at the dinner, "If you accept a job with the Chamber and don't follow through, you not only let the other members down and the City, but you let yourself down, too."

* * *

Dorothy Larimer also received a "thank you" plaque, for the great pictures she took to illustrate points of interest in the latest Albany Chamber of Commerce map and directory.

"Fat Albert" is dead! Albert is the horse who became a favorite with Albany American Legion Auxiliary Unit 292 members when he raced on their "Day at the Races." He will be especially missed by Auxiliary member Ginger Drozda, who frequently had her picture taken with him—she says she received some very good tips from Albert. Albert's owner was Ellen Crabtree of Albany.

According to Leon Rimov, who had the original idea for our new flag pole, and who spearheaded the project, the halyard on the pole is available to fly flags of Albany organizations and groups in honor of special days or weeks.

Anyone wishing information on this should contact the Albany Chamber of Commerce, 525-1771.

Promotion

Albany resident Eldon C. Parr has been named vice-president and assistant general council to the Bank of America's legal department at its San Francisco headquarters. He will serve as Northern California administrative head of that department.

Parr, who received his LL.B degree from the University of Washington in 1953, joined the Bank of America the following year and quickly advanced to the position of assistant council in 1957 and council in 1962. Eight years later, in 1970, he was named senior council.

He and his wife, Shirley, reside on Hillside Avenue. She is a former Albany school teacher. Both have been active in community affairs during their residence in the city.

Receives Degree

Anthony J. Marsico received a Bachelor of Fine Arts degree last month from the California Institute of the Arts.

Anthony, a 1963 Albany High School graduate, is the son of Mr. and Mrs. Samuel Marisco of Albany, was a member of the U.S. Marine Corps before attending the art institute.

The graduation ceremonies, which were held in Valencia, were attended by his parents and his aunt, Fern McCammon of San Jose.

Notes from the Senior Center

There was very good attendance for the first session of our Current Affairs Class, which was most interestingly presented by Mr. Bill Gahart.

The subject for discussion for the July 5th class, which will be held at the Center at 12:30 p.m., is Law (different kinds, such as contracts, marriage, wills, etc.).

And incidentally, it's not too late to sign up for these classes and enjoy discussing problems of the day.

Because of the Tuesday holiday this week, our Ogleby Party has been changed to Monday, July 10, at 11:30 a.m. Everyone is welcome to attend . . . and we always have delicious desserts and good prizes.

We are planning to have a barbecue in Knowland Park on July 11th. Hopefully, this trip will be more enjoyable than our previous one to Jacksonville.

Question—has everyone over 62 years of age, who lives in his or her own home in Albany, filed for the Senior Citizen Property Tax refund? If you need help, just call Beulah at the Center, 526-1601.

The Seniors at the Center are most grateful and happy with the Center's "new face"—thanks to mmbers of the Albany Lions Club, who spent a recent Sunday giving the building's trim a second coat and painting the side fence.

Tax Assistance

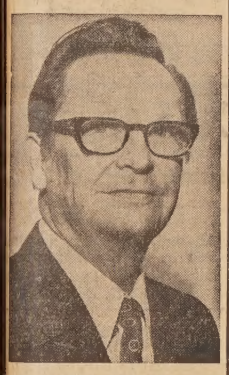

Senior Citizens Property Tax Assistance may be available to individuals who own and occupy mobile homes, according to Martin Huff, Executive Officer of the Franchise Tax Board.

Property tax assistance is available to qualified individuals for property taxes paid on the mobile home and/or the land on which the mobile home is located. Assistance is not available for the license or in lieu fee paid to the Department of Motor Vehicles, Huff said.

If you are over 62, have income of $10,000 or less, and received a property tax bill for the 1971-72 taxes, Huff suggested that you write Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, Ca. 95807, for further information, or contact the nearest office of the Franchise Tax Board.

GOD-GIVEN POWER OF PRAYER

There is no problem so great that she can't solve it. Tells you how to hold your job, when you have failed, and how to succeed. Calls your friends and enemies by name without asking a single word. Will tell you your troubles and what to do about them. Reunites the separated. Upon reaching womanhood and realizing that she had God-given power she has devoted a lifetime to this work. Guaranteed to remove evil influences and bad luck. One visit will convince you she is superior to any reader you have ever seen. Gives lucky days and lucky hands. Lifts you out of sorrow and darkness and starts you on the way to success and happiness. She is here for the first time in this vicinity — has just come from India — the land of miracles. Election '72

The presidential candidates and vital issues are covered in depth in a new paperback book, "You and Election '72," developed by the League of Women Voters in conjunction with Safeway Stores, Incorporated.

The League, a non-partisan, 160,000-member organization that supports neither candidates nor parties but encourages all citizens to become informed about issues and candidates, will receive 10 cents for each book sold. Only Safeway has "You and Election '72" on sale for 89 cents as a non-profit public service.

Written by a team of top-flight authors, the nearly 400-page book is packed with easy-to-read discussions of such major presidential campaign issues as jobs, busing, women's rights, Vietnam, law and order, welfare, consumerism, pollution, and a wide range of other subjects.

Only a limited supply is still available in California and other Safeway stores across the country. The book's value has already been attested to by many political leaders, including Governor Reagan and Senators Cranston and Tunney.

The League has developed many practical methods and proved its effectiveness in getting factual information to the public and organizing voter-registration drives and get-out-the-vote campaigns in many areas. These successes have led to a new first for the League and Safeway in their joint effort to bring to the local level vital information about national issues and candidates through this Prentice-Hall publication.

William S. Mitchell, Safeway's president, said the development of the book is in keeping with a major objective of the Company, "To practice responsible citizenship in the conduct of our business and in community and social relations."

Women's Lib In Scouting

For many years women have served as Den Mothers with Cub Scout Packs, but now their talents are being used in other programs of the Boy Scouts of America in this area.

Donald Arnold, president of the San Francisco Bay Area Council, BSA, has announced that women may now be registered in a number of positions in Cub Scout Packs, Scout Troops, and Explorer Posts.

In addition to 3,200 Den Mothers in San Francisco and Alameda Counties, there are over 263 women serving on Unit, District, and Council levels, Arnold said.

Women may now serve as Pack, Troop, or Post Committee Chairman or Committee Member; as Den Leader or Assistant; as Den Leader Coach; or as an associate Explorer Post Advisor or mate of an Explorer ship.

Arnold said that women also may be registered on District and Council committees, as Merit Badge Counselors, and in the Women's Reserve.

"As the positions being held by women would indicate," Arnold said, "there are many leadership abilities and talents that women find they can volunteer to the youth of our area. Many who are now serving the Council and District began their experience as Den Mothrs, leading small groups of 8-, 9-, and 10-year-old boys in a Cub Scout Pack."

Farewell To YPS Conductor

Albany High School students, who are members of the Young People's Symphony Orchestra, joined with other high school members of the Orchestra recently, to bid a fond farewell to conductor Dr. Thomas Haynes, who had been with the orchestra since 1962.

Appropriately, Dr. Haynes conducted Haydn's "Farewell Symphony," during which the members of the orchestra left, one at a time, until only the conductor and first desk violin players remained.

The major work of the evening was the Richard Strauss tone poem "Til Eulenspeigel's Merry Pranks," conducted by Dr. Haynes. The cello concerto was conducted by Ernest Douglas, Albany High School Music Director, and the Orchestra's associate conductor.

The Orchestra's new director, Israel-born Yair Strauss, was introduced to the audience, and orchestra scholarship winners were also announced.

Albany High School students currently playing with the Young People's Symphony are: Rita Kingsley, cello; Geoff Chinn, horn; Fritz Loura, trumpet; Kathy Berry, oboe; Sue Gershenson, flute-piccolo; Bob Onweller, percussion; Anna Ganong, viola; Chrysti Van Eckhardt, bass; and Linda Hiscox and Ross Gersenson, horns.

Stores Join Fraud Fight

Security directors and managers from 18 Northern California chain stores met in a closed-door session recently, to lower the boom on fraudulent refunders, by pooling information and turning the names of known offenders over to the Internal Revenue Service for investigation.

In an effort to crack down hard on the five or six gangs operating in the Bay Area, Macy's called the meeting, which brought store representatives together with representatives of the Internal Revenue Service, the Credit Bureau Metro, American Protection Industries, and the police, together for the first time to map out a battle plan.

The stores have agreed to pool information on 1971 offenders, and to work together towards establishing a permanent clearing house for data on criminals and stolen merchandise.

A representative of the Intelligence Division of the IRS promised that his agency would investigate cases turned over to them by the stores, and determine if action is warrented.

Other problems discussed during the one-day meeting included methods of handling an offender after he is apprehended, and the different policies and procedures used by the various stores to combat the fraudulent refunder.

Future meetings are planned with the ultimate goal of banding together to fight bad checks, shoplifting, and credit card fraud.

Stores participating in the first meeting included: Sears, I. Magnin's, Smith's, Montgomery Wards, Rhodes, Penny's, Capwell's, Joseph Magnin's, Rhodesway, White Front, Roos Atkins, Liberty House, Weinstock's, The Emporium, Mervins, and Park View Gem.

Funds Needed

The National American Indian Council has announced the formation of an emergency relief fund for American Indian families who were stricken by the recent Rapid City, South Dakota, floods.

Many Indians lost their lives, and countless American Indian children are roaming the disaster stricken streets desperately looking for their parents. Numerous homes were demolished, and, in addition, the Indian Center was swept away by the flood waters.

The Council has established a relief center, which must first reunite families, and second, aid those who are most in need. Although they are working with the Red Cross and other agencies, the National American Indian Council is appealing to Bay Area residents to lend all possible financial aid. The Indian Center must be rebuilt, and this alone will cost $100,000.

Those desiring to help should send their contributions to: National American Indian Council, 319 13th St., Oakland, Calif. 94612.

For further information call 451-5265.

Bicycle Study

The Albany Traffic and Safety Commission elected the following officers for the 1972-73 year: chairman, John Duncan; vice-chairman, Clark Dennett, and secretary, Alan Caruso.

The Commission is studying bicycle problems in Albany, in hopes of coming up with a definite plan for the city, in regards to bicycles and bicyclists. Among the related topics being discussed are: 1. Theft and other hazards; 2. Enforcement of laws, both equipment and traffic; 3. Driver recognition of bicycles, and 4. Parking problems.

Chairman Duncan is urging all Albany bicycle owners to write their representatives in Sacramento, urging the passing of legislation, now being considered, to require statewide registration of all bicycles.

"Owners of bicycles in Albany can help themselves and the Police," said Chairman Duncan, "by writing to Sacramento and asking for immediate passage of such legislation. This would make the return of stolen or lost bicycles to rightful owners much easier."

New U.S. Mail Collections

Postmaster William Wollman has announced that new collection standards are being established in the Berkeley-Albany area. One feature will be an evening "Night Owl" collection at a limited number of collection boxes. These special boxes—marked with two white stars—have the latest pick-up possible to meet with next-day delivery schedules. "This service answers the needs of many customers who cannot deposit mail in time for the regular collection," Postmaster Wollman stated.

The "Night Owl" collection boxes are located at: Adeline & Ashby, collection time 6:30 p.m.; Station "A," 2111 San Pablo Ave., 6:45 p.m.; Parcel Post Station, 740 Hearst Ave., 6:45 p.m.; Albany Branch, 1191 Solano Ave., 7 p.m.; North Berkeley Station, 1521 Shattuck Ave., 7:15 p.m.

In addition, collection boxes located at Kittredge & Milvia and Allston & Milvia are collected to meet all dispatches from Berkeley. "Night Owl" collection boxes are identified by two white stars affixed to the sides of the boxes.

The new collection standards establish four distinct collection services:

1. Residential Neighborhood Boxes—Residential area collections will be made by letter carriers serving the area. Boxes will be collected no earlier than 1:30 p.m.

2. Arterial, White Star Boxes—Arterial service collections are made during the business day and include one collection at 5 p.m. or later. These boxes are located in business areas and on principal traffic flow thoroughfares. These boxes are identified by a white star affixed to the sides of the boxes.

3. Airmail, White Top Boxes—These boxes have a white top and are marked "Airmail." Collections are made at 3:30 p.m. to connect with flights that will accomplish next day delivery to states and cities designated by the origin office. White top airmail boxes are located at selected arterial collection points.

4. Night Owl, Two White Star Boxes—These boxes are identified by two white stars and are within the arterial system. They are collected between 6:30 p.m. & 7:15 p.m. Postmaster Wollman said this service went into effect Monday, June 12.

Degrees From Hayward State

Degrees were awarded to more than 3,000 students, many from Albany, in commencement exercises held Saturday, June 10, at the California State University in Hayward.

It was the University's 12th annual commencement, and its largest graduating class, with nearly 500 master's candidates eligible to participate. An audience of more than 8,000 friends and relatives of the graduates were in attendance, with President Ellis E. McCune presiding over the ceremonies.

Graduates from Albany included: Mary Helen Burnison, MS in Counseling; Mary Hilton Charlton, MS in Education; Warren James Cho, BS in Biological Science; Robert Allen Choy, BS in Business Administration; Barbara B. Cornet, MS in Counseling; David Charles Dorman, BS in Chemistry; Laurel Lorraine Egenberger, BA in History; George Patrick Holmes, MPA in Public Administration; Farhang Kamalian, BA in Art; Manijeh Sharifi, BA in Economics; George Ernest Singh, BA in Mexican-American Studies; Denise Ann Terry, MA in English; Thomas James Thompson, BS in Business Administration; Galen Mar Wolf, BA in Drama and BA in Speech-Drama; and Dan Stephen Woodard, who graduated Magna Cum Laude, BA in Physics.

Fun Tours Set

AC Transit has expanded its popular summer sightseeing tours this year to appeal to more East Bay residents, as well as additional visitors expected in the area.

Fourteen different "Sunshine Fun Tours" were approved by the board of directors, with tariffs set to cover the expense of proposed trips. Tours started June 18 and will continue through September 10.

The tour of Oakland, Alameda, Piedmont and Berkeley will operate three days a week, on Wednesdays, Thursdays and Sundays, in cooperation with the Convention and Tourism Bureau of the Oakland Chamber of Commerce.

Other tours include a visit to the Muir House at Martinez and the old State Capitol at Benicia on six different Tuesdays, alternating on other Tuesdays with a "three bridges" tour, featuring a drive across the San Francisco-Oakland Bay Bridge, the Golden Gate Bridge and the Richmond-San Rafael Bridge—with a stop at Sausalito.

A Friday tour will include an inside visit to the Bernard Maybeck-designed First Church of Christ Scientist and the Pacific School of Religion in Berkeley with a side trip to the University of California Botanical Garden.

On alternate Fridays, an old-fashioned picnic day has been planned for Tilden Park, with a steam train ride for all ages and a stop at the merry-go-round and the California native garden.

On Saturdays, tours of the week have been arranged, to Bay Area events or attractions within an approximate radius of a one-hour bus drive.

Docents Needed

The Oakland Museum has announced additional openings for docents — volunteer interpreters-guides — in the Natural Sciences gallery.

Training begins September, 1972, and prospective docents are required to take a two-semester course on general and California ecology as well as one semester of in-gallery training.

Docents serve in the museum's Natural Sciences gallery two half-days a month.

Men or women interested in becoming an Oakland Museum Natural Sciences docent should phone the docent coordinator at 893-0340 or 273-3515.
